Smart

Automate tasks and workflows

Reliable

99.9% uptime you can trust

Running a clinic shouldn't mean managing multiple systems.

Switch from scattered tools and manual processes to one intelligent platform that connects your front desk, clinical team, and patients.

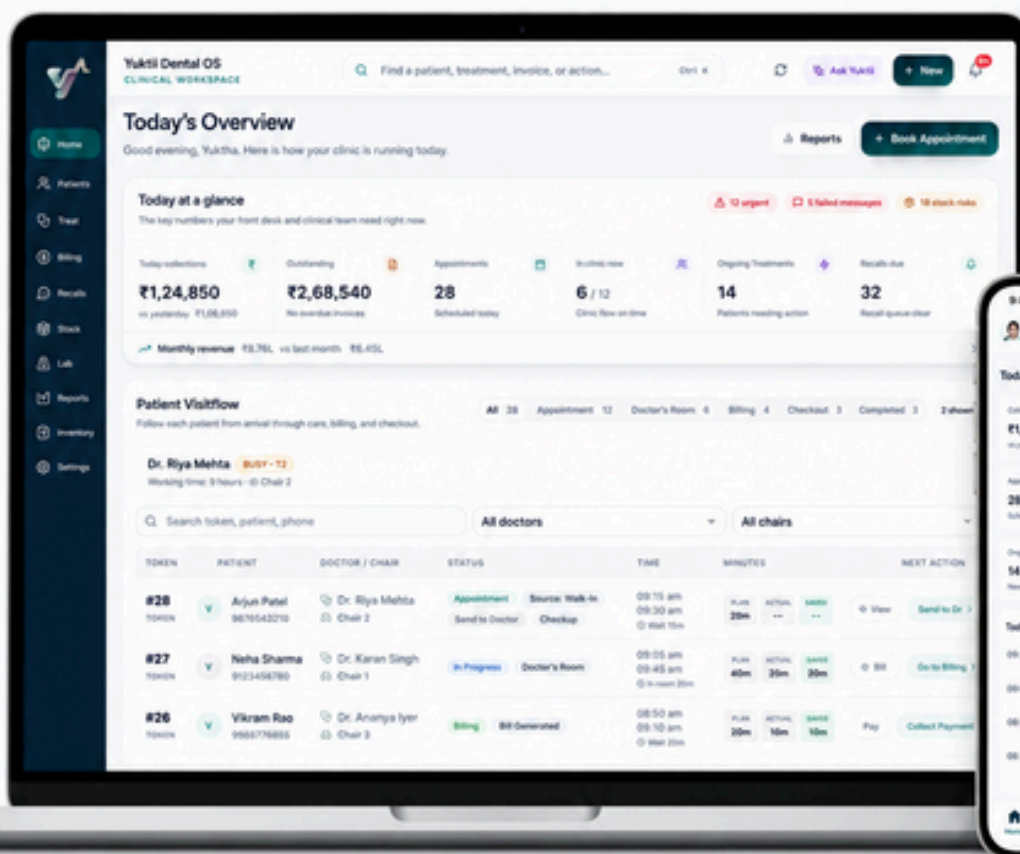

✗ Without Yuktii

- ✗ Paper records
- ✗ Excel billing
- ✗ Missed follow-ups
- ✗ Manual lab tracking
- ✗ Separate WhatsApp messages
- ✗ Lost patient history

✓ With Yuktii

- ✓ Everything happens in one connected workflow
- ✓ Digital patient records
- ✓ Instant billing & payments
- ✓ Integrated lab management
- ✓ Automated communication
- ✓ Complete visibility

One platform. All connected.
Simple. Smart. Powerful.

Built to help your clinic run smoothly, every single day.

Every Patient. One Connected Workflow.

From appointment booking to follow-up, Yuktii DentalOS connects every step of your clinic in one seamless flow.

- 

01 Book Appointment
Schedule appointments quickly in-clinic or online.
- 

02 Check-In
Patient arrives and checks in at reception.
- 

03 Send to Doctor
Send the patient to the appropriate doctor.
- 

04 Consultation
Doctor reviews history, examines and adds notes.
- 

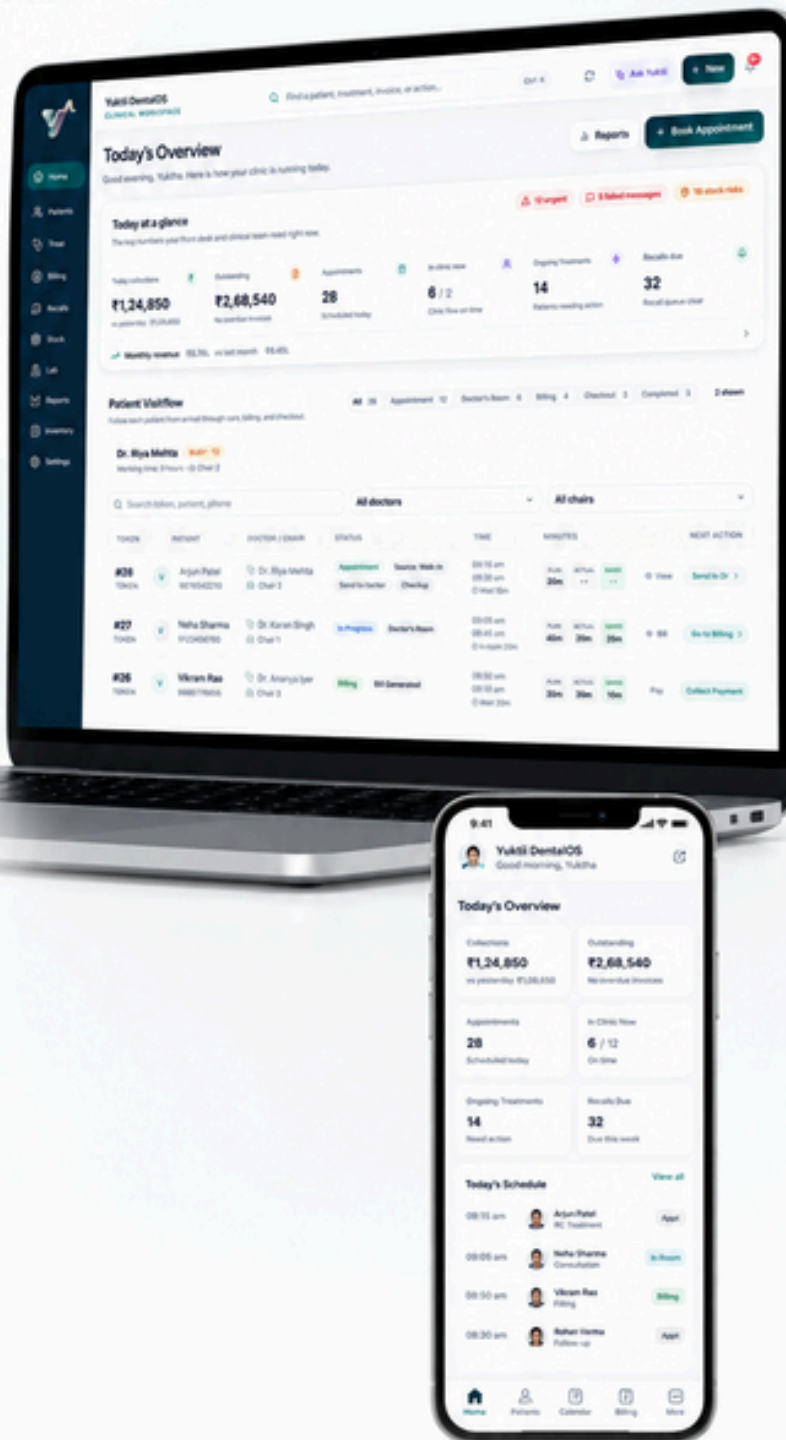

05 Treatment / Prescription
Plan treatment, record procedures and create prescriptions.
- 

06 Lab Case (if needed)
Create lab case, send to lab and track progress.
- 

07 Billing & Payment
Generate invoice and collect payments seamlessly.
- 

08 Checkout
Complete the visit and schedule follow-ups.
- 

09 Recall & Follow-up
Automated reminders ensure patients never miss their care.

**One Patient.
One Workflow.
One System.**

**A seamless journey.
A better experience.
Every time.**

Reception Workflow

Everything Reception Needs. One Screen.

Reception manages everything from one unified dashboard — no switching between systems.

Clinical Notes

19 May 2024, 11:30 AM
Patient reports mild pain in lower left molar. Sensitive to cold.

12 May 2024, 10:15 AM
Deep caries detected in 36. RCT planned.

[View all notes →](#)

Voice Notes

19 May 2024, 11:32 AM
Discussed RCT procedure and next steps with the patient.

[View all voice notes →](#)

AI Suggestions

Based on the clinical findings, we recommend:

- ✓ RCT for 36
- ✓ Crown placement after RCT
- ✓ Follow-up after 2 weeks
